NYC Board of Elections Launches Poll Site App for Voters

The Board of Elections in the City of New York will be launching the NYC BOE Poll Sites app to help voters find their poll sites quickly and easily. This is the first mobile app released by the Board in an effort to make Election Information accessible to voters.

Commissioner Maria Guastella, President of the Board, says: "This app release is part of a greater initiative for us to improve communication between the Board of Elections and NYC voters on Election Day. Now, we can provide up-to-date poll site information and alerts to voters, wherever they are."

The Board is proud to announce its development of the NYC BOE Poll Sites app for Android, Blackberry and Windows. The app's friendly and intuitive interface will allow voters to easily:

- Find poll site information.
- Map directions from any NYC resident's address to their poll site.
- Check for the upcoming election date.
- View and share Sample Ballots.
- Stay updated with alerts from the Board of Elections.

Supported languages include English, Spanish, Chinese, Korean and Bengali. The app will be available on iPhone for the November General Election.
